## Q

UNA A LETRA Q COM CADA VOGAL E FORME AS SÍLABAS:

A diagram illustrating the syllable family for the letter Q. On the left, a blue-outlined letter 'Q' is enclosed in a rounded square. Five arrows point from this 'Q' to five different vowel combinations, each also in a rounded square:

- UA
- UE
- UI
- UO
- (a horizontal line)

To the right of each vowel combination is an empty rounded rectangle, intended for the student to write the corresponding syllable. An arrow points from each vowel combination to its respective empty box. The bottom-most row shows a horizontal line in the vowel box and a longer horizontal line in the empty box to its right, serving as a visual example of the syllable structure.
